We rely on
your
Support!

GLA Goal: Restore and preserve Groton's lakes and ponds as recreational resources for future generations.

News/ Updates from the GLA:

- In the coming year our main focus will continue to be on the continued elimination of invasive weed infestations and the prevention of weeds from being reintroduced into the lakes on incoming boats and trailers.
- The GLA will also be working with Groton residents and officials to reduce the nutrient loadings into our lakes and ponds..
- **This form is for the "Support Drive for Baddacook Pond". It will be solely used for the Baddacook Pond Weed Removal Viability Study. It will not be applied towards the GLA yearly fund drive or membership .**

Every Contribution Matters!

No officer receives compensation for their services at the GLA!
